

ON-LINE Computer Services Inc

Computer Rentals & Conference Support Services

Computer Rentals

In addition to sales and on-site technical support ON-LINE Computer Services can provide a full range of technology products for rental on an hourly through monthly basis. Whether you are setting up an advance planning office needing network and internet connectivity, want an LCD projector for a presentation, require stand-alone or networked computers for demonstrations, or need a last minute replacement for a failed system we can provide computers, printers, accessories, staff and technical support to help ensure the smooth functioning and success of your event.

Conference Support Services

As a member of the Greater Halifax Conventions and Meetings Bureau we welcome your choice of Halifax for your event.

Computer technology plays a greater role in the planning and execution of today's events than ever before. From advance planning and registration through connecting back to the office and the delivery of presentations the need for correctly operating technology and timely support has never been greater. ON-LINE Computer Services provides a full range of technology-related services with on-site support just a phone call away.
